🧠 TECHNICAL SKILLS

JavaScript | Node JS | NextJs | MongoDB

Python | PostgresSql | TypeORM

Git and GitHub

🎖 CERTIFICATES

- Critical Thinking and Problem Solving : Tata Power Skill Development Institute (TPSDI)

🏹 INTERESTS

Cricket | Travelling | Virtual Gaming

💼 PROFESSIONAL EXPERIENCE

Full-Stack Devlopment
Salt Tech Software Services LLP
July 2023 – present

- Designed and implemented **PostgreSQL** database tables for a comprehensive **Team 11** system, ensuring efficient data storage and retrieval.
- I have hands-on experience retrieving and optimizing data from external APIs, specifically for integration with the **Team 11** API. Utilizing my skills, I successfully excuted efficient data retrieval processes and ensured seamless integration with the **PostgreSQL database**
- use **Node** and **TypeORM** to facilitate communication between the **frontend and backend components.**
- Led the development of **Team 11** app's admin pages, prize distribution system, and authentication model using **Next.js, HTML, and CSS**. carried out robust solutions to enhance user experience and ensure secure authentication, contributing to the app's overall functionality and success.

Full-Stack Devlopment
Personal
December 2022 – July 2023

- Developed a comprehensive **Teacher's Diary app** using **React Native** for a seamless mobile experience. Added features allowing teachers to save lecture notes, manage attendance records, and download the data. Leveraged **Node.js for the backend**, ensuring robust functionality, and utilized **MongoDB** for efficient data storage. Applied proficiency in **React Native, HTML, and CSS** to create an intuitive and visually appealing interface, enhancing the overall user experience.
